

We're proud to share that YTM Capital Credit Opportunities Fund has been recognized with a **10-Year Award for Best Sharpe Ratio**. This milestone is a powerful validation of our steady, disciplined approach to credit investing. For a decade, our focus has remained consistent: rigorous security selection, thoughtful risk management, and an unwavering commitment to protecting and compounding investor capital.

Thank you to our clients and partners for their trust. We look forward to continuing to deliver resilient, risk-adjusted results in all market environments.

The Canadian Hedge Fund Awards are administered by Alternative IQ. The awards are based on a quantitative measure of a fund's performance in the Credit Focused category. Of the 10 funds considered, the Fund had the highest Sharpe Ratio for the 10 years ending June 30, 2025. Investors should read the Offering Memorandum (OM), including the risk section before investing. You can obtain the OM from YTM Capital Asset Management Ltd. Past performance may not be repeated. www.ytmcapital.com
